**Notification of Application Filed by California Water Service to Increase
Its Bakersfield District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$12,229,986 (or 15.7%) for Bakersfield District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$78,051,000	\$5,087,445 6.5%	\$3,378,510 4.1%	\$3,764,031 4.4%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$52,804,375	\$2,683,430 5%	\$2,226,499 4%	\$2,496,771 4%
Nonresidential Metered Service*	\$24,675,665	\$2,032,137 8%	\$1,113,280 4%	\$1,227,328 4%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 18 Ccf (13,464 gallons) of water per month. **These numbers do not include temporary surcharges and credits.**

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
18 Ccf (13,464 gallons)	\$51.66	\$2.32 4.5%	\$2.17 4.0%	\$2.43 4.3%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 3725 South H Street, Bakersfield, CA 93304. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Increase
Kern River Valley District Rates in 2020, 2021, and 2022
(Application No. A-18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A-18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$1,473,363 (or 22.7%) for Kern River Valley District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$6,499,600	\$795,944 12.2%	\$327,468 4.5%	\$349,952 4.6%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$5,929,262	\$553,429 9%	\$276,230 4%	\$294,939 4%
Nonresidential Metered Service*	\$567,643	\$241,143 42%	\$51,086 6%	\$54,877 6%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 5 Ccf (3,740 gallons) of water per month. These numbers include the credits provided by the Rate Support Fund, but do not include other surcharges or credits.

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
5 Ccf (3,740 gallons)	\$77.79	\$12.22 15.7%	\$ 2.54 2.8%	\$ 2.71 2.9%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 7138 Lake Isabella Boulevard, Lake Isabella, CA 93240. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/#?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact alcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Change
Westlake District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would change beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$1,232,918 (or 6.2%) for Westlake District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$19,966,600	\$731,912 3.7%	\$212,847 1.0%	\$288,160 1.4%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$13,945,173	\$229,470 2%	\$142,229 1%	\$192,832 1%
Nonresidential Metered Service*	\$5,040,852	\$365,800 8%	\$56,146 1%	\$77,017 1%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff.

**The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the change a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 25 Ccf (18,700 gallons) of water per month. **These numbers do not include temporary surcharges and credits.**

Typical Residential Customer Bill Change

Residential Customer	Current Bill	Proposed 2020 Bill Decrease	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
25 Ccf (18,700 gallons)	\$149.50	-\$16.51 -11.0%	\$1.09 0.8%	\$1.49 1.1%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 2524 Townsgate Road, Suite A, Westlake Village, CA 91361. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415) 703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.cpuc.ca.gov/>, which allows you to follow this proceeding. If you would like to learn how you can participate in the proceeding, or if you have informal comments or questions about the CPUC process, you may contact the CPUC's Public Advisor's Office at the address noted below.

Notificación de solicitud presentada por

Ad Number 14508212

Notificación de solicitud presentada por California Water Service para aumentar sus tarifas en el distrito de Bakersfield en 2020, 2021, y 2022
(Solicitud N°. A.18-07-001)

El 2 de julio de 2018, California Water Service (Cal Water) presentó su solicitud de plan de tarifa general (GRC) (A.18-07-001) ante la Comisión de Servicios Públicos de California (CPUC). Cal Water solicita un aumento en sus ingresos de \$50,673,500 (o 7.6%) para 2020, \$31,461,900 (o 4.4%) para 2021, y \$33,000,700 (o 4.4%) para 2022. Si lo aprueba la CPUC, las tarifas aumentarían a partir de enero de 2020.

La solicitud

Cal Water solicita un aumento general en sus ingresos de \$12,229,986 (o el 15.7%) para los clientes del distrito de Bakersfield en tres años, según se muestra en la tabla siguiente. Cal Water solicita este aumento para realizar actualizaciones de infraestructura, mantenimiento, calidad del agua, medidas de seguridad, operaciones comerciales y para compensar la inflación.

Los aumentos de ingresos para 2021 y 2022 podrían variar de los estimados que se indican a continuación debido al uso de una fórmula basada en la inflación proporcionada por la CPUC.

Aumento de ingresos propuesto

Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
\$78,051,000	\$5,087,445 6.5%	\$3,378,510 4.1%	\$3,764,031 4.4%

Aumento de ingresos propuesto por tipo de servicio**

Tipo de servicio suministrado	Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
Servicio residencial con medidor	\$52,804,375	\$2,683,430 5%	\$2,226,499 4%	\$2,496,771 4%
Servicio no residencial con medidor*	\$24,675,665	\$2,032,137 8%	\$1,113,280 4%	\$1,227,328 4%

*El servicio no residencial con medidor se aplica a todas las clases de clientes no residenciales (es decir, clientes comerciales, de viviendas multifamiliares y autoridades públicas) y no tienen una tarifa separada. **La suma de los ingresos residenciales y no residenciales no será igual al total, debido a otras fuentes de ingresos como cargos del medidor de construcción, servicios de protección contra incendios y agua reciclada.

Impacto promedio para el cliente

La tabla siguiente ofrece detalles del aumento que esperaría ver en su cuenta un cliente residencial con un medidor de 5/8" x 3/4" si la CPUC aprueba las tarifas propuestas por Cal Water para 2020, 2021 y 2022 según la solicitud. En 2017, el cliente residencial promedio con un medidor de 5/8" x 3/4" consumió 18 Ccf (13,464 galones) de agua cada mes. **Estos números no incluyen sobrecargos y créditos temporales.**

Aumento en la cuenta de un cliente residencial promedio

Cliente residencial	Cuenta actual	Aumento en la cuenta propuesto para 2020	Aumento en la cuenta propuesto para 2021	Aumento en la cuenta propuesto para 2022
18 Ccf (13,464 galones)	\$51.66	\$2.32 4.5%	\$2.17 4.0%	\$2.43 4.3%

Motivos principales para el aumento

Cal Water ha suministrado agua a las comunidades de California por más de 90 años, y muchas de las instalaciones que se usan para el servicio de agua han llegado al final de su vida útil. Algunos de los motivos principales por los que Cal Water presenta esta solicitud son:

- Continuar invirtiendo en infraestructura para mejorar la seguridad y la confiabilidad, y manejar los riesgos que pudieran impactar a los clientes y/o a los sistemas de protección contra incendios;
- Cumplir con los requisitos de calidad y regulación medioambiental; y
- Obtener suministros de agua para asegurar la confiabilidad futura.

Cómo obtener una copia de la solicitud

Puede revisar una copia de la solicitud de GRC propuesta por Cal Water y los anexos relacionados en la oficina de Cal Water ubicada en 3725 South H Street, Bakersfield, CA 93304. Cal Water le facilitará una copia electrónica o impresa de dicha solicitud y anexos relacionados si lo pide por escrito a California Water Service Company, 1720 North First Street, San Jose, CA 95112-4598.

Puede obtener una copia digital de la solicitud en la página web de la tarjeta del expediente (docket card) de la CPUC en <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> escribiendo el número del caso sin guiones en la casilla de búsqueda del número de caso. La solicitud también puede revisarse en la Oficina de Archivos Centrales de la CPUC con previa cita. Para más información, envíe un correo electrónico a ajcentralfilesid@cpuc.ca.gov o llame al (415) 703-2045.

El proceso de la CPUC

Esta solicitud ha sido asignada a un juez administrativo (un juez) que determinará cómo recibirá la evidencia y otros documentos relacionados con el caso que son necesarios para que la CPUC establezca un expediente en el cual basar su decisión. Podrán llevarse a cabo Audiencias de Evidencias (Evidentiary Hearings, EH) en las cuales las partes del caso presenten sus testimonios, y podrían estar sujetas a interrogatorio por otras partes involucradas. Estas audiencias para recabar evidencia (EH) están abiertas al público, pero solo podrán participar en ellas los que tienen estatus de "partes del caso". Después de considerar todas las propuestas y la evidencia presentada durante el proceso formal de la audiencia, el Juez asignado emitirá una propuesta de decisión mediante la cual determinará si la petición de Cal Water será adoptada, modificada o denegada completamente o en partes. Los comisionados de la CPUC podrían patrocinar una decisión alternativa y el asunto podría decidirse en una reunión programada para obtener el voto de la comisión.

La Oficina de Defensores de los Contribuyentes (Office of Ratepayer Advocates, ORA) podría revisar esta solicitud. ORA es la defensora independiente de los consumidores con un mandato legislativo de representar para los clientes de servicios públicos propiedad de inversionistas. Para más información sobre ORA, llame al (415) 703-1584, envíe un correo electrónico a ora@cpuc.ca.gov, o visite el sitio web de ORA en ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Increase
Bear Gulch District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$14,160,110 (or 25.9%) for Bear Gulch District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$54,661,400	\$4,545,447 8.3%	\$4,778,333 8.1%	\$4,836,339 7.6%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$47,378,443	\$2,645,573 6%	\$4,014,260 8%	\$4,059,441 8%
Nonresidential Metered Service*	\$7,094,140	\$1,819,390 26%	\$746,528 8%	\$759,284 8%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 19 Ccf (14,212 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
19 Ccf (14,212 gallons)	\$158.63	\$1.15 0.7%	\$12.62 7.9%	\$12.74 7.4%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 3525 Alameda De Las Pulgas, Suite A, Menlo Park, CA 94025. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Increase
Chico District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$5,674,660 (or 24.1%) for Chico District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$23,571,400	\$3,584,283 15.2%	\$991,040 3.6%	\$1,099,340 3.9%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$14,446,697	\$1,922,906 13%	\$632,652 4%	\$699,004 4%
Nonresidential Metered Service*	\$8,879,438	\$1,500,985 17%	\$337,724 3%	\$379,197 4%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 16 Ccf (11,968 gallons) of water per month. **These numbers do not include temporary surcharges and credits.**

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
16 Ccf (11,968 gallons)	\$41.83	\$ 1.33 3.2%	\$ 1.07 2.5%	\$ 1.23 2.8%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 2222 Dr. Martin Luther King Jr. Parkway, Chico, CA 95928. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

**Notification of Application Filed by California Water Service to Increase
Dixon District Rates in 2020, 2021, and 2022
(Application No. A-18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A-18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.5%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water proposes consolidating the rates for the Dixon and Stockton Districts into a new Central Region to improve affordability and develop administrative efficiencies. (Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.)

With Consolidation – If this consolidation is approved by the CPUC as proposed, Cal Water requests an overall revenue increase of \$618,121 (or 18.7%) for Dixon customers over three years, as shown in the table below.

Proposed Revenue Increases for Dixon Customers with Consolidation

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$3,299,900	\$280,746 9%	\$173,138 5%	\$154,752 4.4%

Proposed Revenue Changes by Type of Service with Consolidation**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$2,615,393	\$342,370 13%	\$127,620 5.4%	\$130,112 5.2%
Nonresidential Metered Service*	\$689,577	\$71,442 11%	\$31,665 5.7%	\$12,487 5.6%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Without Consolidation – If consolidation is not approved by the CPUC as proposed, Cal Water requests an overall revenue increase of \$2,019,174 (or 61.2%) for Dixon customers over three years, as shown in the table below.

Proposed Revenue Increases for Dixon Customers without Consolidation

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$3,299,900	\$1,879,521 57.0%	\$61,732 1.2%	\$77,521 1.5%

Proposed Revenue Increases by Type of Service without Consolidation**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$2,738,851	\$1,335,710 48.8%	\$45,170 1.1%	\$57,791 1.4%
Nonresidential Metered Service*	\$701,597	\$378,882 54.0%	\$15,501 1.4%	\$19,729 1.7%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 10 Ccf (7,480 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Dixon Typical Residential Customer Bill Increase with Consolidation

Residential Customer	Current Bill	Proposed 2020 Bill Increase*	Proposed 2021 Bill Increase*	Proposed 2022 Bill Increase*
10 Ccf (7,480 gallons)	\$66.25	\$5.66 8.5%	\$2.90 4.0%	\$2.15 3.9%

*These bill increases reflect a charge of \$16 per CCF to partially offset chromium-6 treatment costs.

Dixon Typical Residential Customer Bill Increase without Consolidation

Residential Customer	Current Bill	Proposed 2020 Bill Increase*	Proposed 2021 Bill Increase*	Proposed 2022 Bill Increase*
10 Ccf (7,480 gallons)	\$66.25	\$30.58 46.2%	\$0.90 0.9%	\$1.15 1.2%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 60 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 201 South First Street, Dixon, CA 95620. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4588.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415) 703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail or visit ORA's web site at ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Increase
East Los Angeles District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$5,177,761 (or 14.2%) for East Los Angeles District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$36,401,502	\$2,586,250 7.1%	\$1,265,494 3.2%	\$1,326,018 3.3%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$17,580,884	\$916,163 5%	\$589,858 3%	\$617,618 3%
Nonresidential Metered Service*	\$18,370,501	\$1,433,374 8%	\$650,075 3%	\$681,547 3%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff.

**The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 12 Ccf (8,976 gallons) of water per month. **These numbers do not include temporary surcharges and credits.**

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
12 Ccf (8,976 gallons)	\$65.68	\$ 6.20 9.4%	\$2.27 3.2%	\$2.38 3.2%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 2000 South Tubeway, Commerce, CA 90040. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Notificación de solicitud presentada por California Water Service para aumentar sus tarifas en el distrito de East Los Angeles en 2020, 2021, y 2022 (Solicitud N° A.18-07-001)

El 2 de julio de 2018, California Water Service (Cal Water) presentó su solicitud de plan de tarifa general (GRC) (A.18-07-001) ante la Comisión de Servicios Públicos de California (CPUC). Cal Water solicita un aumento en sus ingresos de \$50,673,500 (o 7.6%) para 2020, \$31,461,900 (o 4.4%) para 2021, y \$33,000,700 (o 4.4%) para 2022. Si lo aprueba la CPUC, las tarifas aumentarían a partir de enero de 2020.

La solicitud

Cal Water solicita un aumento general en sus ingresos de \$5,177,761 (o el 14.2%) para los clientes del distrito de East Los Angeles en tres años, según se muestra en la tabla siguiente. Cal Water solicita este aumento para realizar actualizaciones de infraestructura, mantenimiento, calidad del agua, medidas de seguridad, operaciones comerciales y para compensar la inflación.

Los aumentos de ingresos para 2021 y 2022 podrían variar de los estimados que se indican a continuación debido al uso de una fórmula basada en la inflación proporcionada por la CPUC.

Aumento de ingresos propuesto

Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
\$36,401,502	\$2,586,250 7.1%	\$1,265,494 3.2%	\$1,326,018 3.3%

Aumento de ingresos propuesto por tipo de servicio**

Tipo de servicio suministrado	Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
Servicio residencial con medidor	\$17,580,884	\$916,163 5%	\$589,858 3%	\$617,618 3%
Servicio no residencial con medidor*	\$18,370,501	\$1,433,374 8%	\$650,075 3%	\$681,547 3%

*El servicio no residencial con medidor se aplica a todas las clases de clientes no residenciales (es decir, clientes comerciales, de viviendas multifamiliares y autoridades públicas) y no tienen una tarifa separada. **La suma de los ingresos residenciales y no residenciales no será igual al total, debido a otras fuentes de ingresos como cargos del medidor de construcción, servicios de protección contra incendios y agua reciclada.

Impacto promedio para el cliente

La tabla siguiente ofrece detalles del aumento que esperaría ver en su cuenta un cliente residencial con un medidor de 5/8" x 3/4" si la CPUC aprueba las tarifas propuestas por Cal Water para 2020, 2021 y 2022 según la solicitud. En 2017, el cliente residencial promedio con un medidor de 5/8" x 3/4" consumió 12 Ccf (8,976 galones) de agua cada mes. **Estos números no incluyen sobrecargos y créditos temporales.**

Aumento en la cuenta de un cliente residencial promedio

Cliente residencial	Cuenta actual	Aumento en la cuenta propuesto para 2020	Aumento en la cuenta propuesto para 2021	Aumento en la cuenta propuesto para 2022
12 Ccf (8,976 galones)	\$65.68	\$ 6.20 9.4%	\$2.27 3.2%	\$2.38 3.2%

Motivos principales para el aumento

Cal Water ha suministrado agua a las comunidades de California por más de 90 años, y muchas de las instalaciones que se usan para el servicio de agua han llegado al final de su vida útil. Algunos de los motivos principales por los que Cal Water presenta esta solicitud son:

- Continuar invirtiendo en infraestructura para mejorar la seguridad y la confiabilidad, y manejar los riesgos que pudieran impactar a los clientes y/o a los sistemas de protección contra incendios;
- Cumplir con los requisitos de calidad y regulación medioambiental; y
- Obtener suministros de agua para asegurar la confiabilidad futura.

Cómo obtener una copia de la solicitud

Puede revisar una copia de la solicitud de GRC propuesta por Cal Water y los anexos relacionados en la oficina de Cal Water ubicada en 2000 South Tubeway, Commerce, CA 90040. Cal Water le facilitará una copia electrónica o impresa de dicha solicitud y anexos relacionados si lo pide por escrito a California Water Service Company, 1720 North First Street, San Jose, CA 95112-4598.

Puede obtener una copia digital de la solicitud en la página web de la tarjeta del expediente (docket card) de la CPUC en <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> escribiendo el número del caso sin guiones en la casilla de búsqueda del número de caso. La solicitud también puede revisarse en la Oficina de Archivos Centrales de la CPUC con previa cita. Para más información, envíe un correo electrónico a aljcentralfilesid@cpuc.ca.gov o llame al (415) 703-2045.

El proceso de la CPUC

Esta solicitud ha sido asignada a un juez administrativo (un juez) que determinará cómo recibirá la evidencia y otros documentos relacionados con el caso que son necesarios para que la CPUC establezca un expediente en el cual basar su decisión. Podrán llevarse a cabo Audiencias de Evidencias (Evidentiary Hearings, EH) en las cuales las partes del caso presenten sus testimonios, y podrían estar sujetas a interrogatorio por otras partes involucradas. Estas audiencias para recabar evidencia (EH) están abiertas al público, pero solo podrán participar en ellas los que tienen estatus de "partes del caso". Después de considerar todas las propuestas y la evidencia presentada durante el proceso formal de la audiencia, el Juez asignado emitirá una propuesta de decisión mediante la cual determinará si la petición de Cal Water será adoptada, modificada o denegada completamente o en partes. Los comisionados de la CPUC podrían patrocinar una decisión alternativa y el asunto podría decidirse en una reunión programada para obtener el voto de la comisión.

La Oficina de Defensores de los Contribuyentes (Office of Ratepayer Advocates, ORA) podría revisar esta solicitud. ORA es la defensora independiente de los consumidores con un mandato legislativo de representar para los clientes de servicios públicos propiedad de inversionistas. Para más información sobre ORA, llame al (415) 703-1584, envíe un correo electrónico a ora@cpuc.ca.gov, o visite el sitio web de ORA en ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Increase
Hermosa Redondo District Rates in 2020, 2021, and 2022**
(Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,530 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$4,081,840 (or 13.3%) for Hermosa Redondo District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$30,703,700	\$2,250,396 7.4%	\$628,191 2.6%	\$623,055 2.8%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$17,946,619	\$486,227 3%	\$515,768 3%	\$553,513 3%
Nonresidential Metered Service	\$12,384,965	\$1,719,537 14%	\$335,876 2%	\$361,291 3%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 9 Ccf (9,732 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase

Residential Customer	Current BV	Proposed 2020 BV Increase	Proposed 2021 BV Increase	Proposed 2022 BV Increase
9 Ccf (9,732 gallons)	\$51.79	\$0.06 0.1%	\$1.28 2.5%	\$1.37 2.6%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or life protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 2632 West 237th Street, Torrance, CA 90505. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4599.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/docket/?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfiles@cpuc.ca.gov or (415) 703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Increase
Livermore District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$2,822,569 (or 11.6%) for Livermore District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$24,317,000	\$692,967 2.8%	\$1,076,225 4.3%	\$1,053,378 4.0%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$17,291,002	\$96,205 6%	\$765,169 4%	\$752,125 4%
Nonresidential Metered Service*	\$6,262,210	\$153,816 2%	\$298,327 5%	\$287,965 4%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 12 Ccf (8,976 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
12 Ccf (8,976 gallons)	\$64.93	\$2.18 3.4%	\$2.67 4.0%	\$2.52 3.8%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 195 South N Street, Livermore, CA 94550. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact allcentralfilesid@cpuc.ca.gov or (415) 703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Change Rates
in its Los Altos District in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would change beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$5,675,970 (or 14.4%) for Los Altos District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$39,401,400	\$1,473,869 3.7%	\$2,076,742 5.1%	\$2,125,346 4.9%

Proposed Revenue Changes by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Change	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$28,849,373	-\$466,049 -2%	\$1,413,476 5%	\$1,446,451 5%
Nonresidential Metered Service	\$10,314,372	\$1,372,101 13%	\$622,014 5%	\$636,629 5%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the change a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 16 Ccf (11,968 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Changes

Residential Customer	Current Bill	Proposed 2020 Bill Decrease	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
16 Ccf (11,968 gallons)	\$103.86	-\$3.95 -3.8%	\$ 4.87 4.9%	\$ 4.96 4.7%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 949 B Street, Los Altos, CA 94024. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415) 703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Notification of Application Filed by California Water Service to Change Rates in Its Los Altos District in 2020, 2021, and 2022 (Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would change beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$5,675,970 (or 14.4%) for Los Altos District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$39,401,400	\$1,473,899 3.7%	\$2,076,742 5.1%	\$2,125,346 4.9%

Proposed Revenue Changes by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Change	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$28,849,373	-\$466,049 -2%	\$1,413,476 5%	\$1,446,451 5%
Nonresidential Metered Service*	\$10,314,372	\$1,372,101 13%	\$622,014 5%	\$636,629 5%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the change a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 16 Ccf (11,968 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Changes

Residential Customer	Current Bill	Proposed 2020 Bill Decrease	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
16 Ccf (11,968 gallons)	\$103.86	-\$3.95 -3.8%	\$4.87 4.9%	\$4.96 4.7%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 949 B Street, Los Altos, CA 94024. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Notification of Application Filed by California Water Service to Increase Marysville District Rates
in 2020, 2021, and 2022
(Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$656,607 (or 16.9%) for Marysville District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Current Revenue	Proposed Revenue Increases				Proposed 2022
	Proposed 2020	Proposed 2021	Proposed 2022	Proposed 2022	
Requirement	Revenue Increase	Revenue Increase	Revenue	Revenue	
Increase					
\$3,874,200	\$410,327 10.6%	\$115,416 2.7%	\$130,871		
3.0%					

Type of Proposed 2022	Proposed Revenue Increases by Type of Service**		
	Current Revenue	Proposed 2020	Proposed 2021

* A 0 0 0 0 0 4 8 2 1 7 0 1 *

Service Provided	Requirement	Revenue Increase		Revenue Increase	
Revenue Increase					
Residential Metered Service	\$2,219,231	\$74,994	3%	\$56,571	2%
\$64,793 3%					
Nonresidential Metered Service*	\$1,623,507	\$287,865	18%	\$48,895	3%
\$56,048 3%					

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 10 Ccf (7,480 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Residential Customer	Current Bill	Typical Residential Customer Bill Increase					
		Proposed 2020 Bill Increase		Proposed 2021 Bill Increase		Proposed 2022 Bill Increase	
10 Ccf (7,480 gallons)	\$50.84	\$3.53	6.9%	\$1.41	2.6%	\$1.61	2.9%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- * Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- * Meet water quality and environmental regulatory requirements; and
- * Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 131 D Street, Marysville, CA 95901. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Increase
Selma District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$1,137,525 (or 20.8%) for Selma District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$5,477,200	\$632,900 11.6%	\$254,570 4.2%	\$250,055 3.9%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$4,122,830	\$243,699 6%	\$198,514 5%	\$196,184 4%
Nonresidential Metered Service*	\$1,300,752	\$343,684 26%	\$52,759 3%	\$50,670 3%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 15 Ccf (11,220 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
15 Ccf (11,220 gallons)	\$48.40	\$2.50 5.2%	\$0.90 1.8%	\$0.83 1.6%

Key Reasons for Increase

Cal Water has been providing water-utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 2042 Second Street, Selma, CA 93662. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4588.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number: Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

**Notificación de solicitud presentada por California Water Service para aumentar sus tarifas
en el distrito de Selma en 2020, 2021, y 2022
(Solicitud N°. A.18-07-001)**

El 2 de julio de 2018, California Water Service (Cal Water) presentó su solicitud de plan de tarifa general (GRC) (A.18-07-001) ante la Comisión de Servicios Públicos de California (CPUC). Cal Water solicita un aumento en sus ingresos de \$50,673,500 (o 7.6%) para 2020, \$31,461,900 (o 4.4%) para 2021, y \$33,000,700 (o 4.4%) para 2022. Si lo aprueba la CPUC, las tarifas aumentarían a partir de enero de 2020.

La solicitud

Cal Water solicita un aumento general en sus ingresos de \$1,137,525 (o el 20.8%) para los clientes del distrito de Selma en tres años, según se muestra en la tabla siguiente. Cal Water solicita este aumento para realizar actualizaciones de infraestructura, mantenimiento, calidad del agua, medidas de seguridad, operaciones comerciales y para compensar la inflación.

Los aumentos de ingresos para 2021 y 2022 podrían variar de los estimados que se indican a continuación debido al uso de una fórmula basada en la inflación proporcionada por la CPUC.

Aumento de ingresos propuesto

Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
\$5,477,200	\$632,900 11.6%	\$254,570 4.2%	\$250,055 3.9%

Aumento de ingresos propuesto por tipo de servicio**

Tipo de servicio suministrado	Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
Servicio residencial con medidor	\$4,122,830	\$243,699 6%	\$198,514 5%	\$196,184 4%
Servicio no residencial con medidor*	\$1,300,752	\$343,684 26%	\$52,759 3%	\$50,670 3%

*El servicio no residencial con medidor se aplica a todas las clases de clientes no residenciales (es decir, clientes comerciales, de viviendas multifamiliares y autoridades públicas) y no tienen una tarifa separada. **La suma de los ingresos residenciales y no residenciales no será igual al total, debido a otras fuentes de ingresos como cargos del medidor de construcción, servicios de protección contra incendios y agua reciclada.

Impacto promedio para el cliente

La tabla siguiente ofrece detalles del aumento que esperaría ver en su cuenta un cliente residencial con un medidor de 5/8" x 3/4" si la CPUC aprueba las tarifas propuestas por Cal Water para 2020, 2021 y 2022 según la solicitud. En 2017, el cliente residencial promedio con un medidor de 5/8" x 3/4" consumió 15 Ccf (11,220 galones) de agua cada mes. Estos números no incluyen sobrecargos y créditos temporales.

Aumento en la cuenta de un cliente residencial promedio

Cliente residencial	Cuenta actual	Aumento en la cuenta propuesto para 2020	Aumento en la cuenta propuesto para 2021	Aumento en la cuenta propuesto para 2022
15 Ccf (11,220 galones)	\$48.40	\$2.50 5.2%	\$0.90 1.8%	\$0.83 1.6%

Motivos principales para el aumento

Cal Water ha suministrado agua a las comunidades de California por más de 90 años, y muchas de las instalaciones que se usan para el servicio de agua han llegado al final de su vida útil. Algunos de los motivos principales por los que Cal Water presenta esta solicitud son:

- Continuar invirtiendo en infraestructura para mejorar la seguridad y la confiabilidad, y manejar los riesgos que pudieran impactar a los clientes y/o a los sistemas de protección contra incendios;
- Cumplir con los requisitos de calidad y regulación medioambiental; y
- Obtener suministros de agua para asegurar la confiabilidad futura.

Cómo obtener una copia de la solicitud

Puede revisar una copia de la solicitud de GRC propuesta por Cal Water y los anexos relacionados en la oficina de Cal Water ubicada en 2042 Second Street, Selma, CA 93662. Cal Water le facilitará una copia electrónica o impresa de dicha solicitud y anexos relacionados si lo pide por escrito a California Water Service Company, 1720 North First Street, San Jose, CA 95112-4598.

Puede obtener una copia digital de la solicitud en la página web de la tarjeta del expediente (docket card) de la CPUC en [https://apps.cpuc.ca.gov/apex/f?p=401:1:0::: escribiendo el número del caso sin guiones en la casilla de búsqueda del número de caso. La solicitud también puede revisarse en la Oficina de Archivos Centrales de la CPUC con previa cita. Para más información, envíe un correo electrónico a \[ajcentralfilesid@cpuc.ca.gov\]\(mailto:ajcentralfilesid@cpuc.ca.gov\) o llame al \(415\) 703-2045.](https://apps.cpuc.ca.gov/apex/f?p=401:1:0:::)

El proceso de la CPUC

Esta solicitud ha sido asignada a un juez administrativo (un juez) que determinará cómo recibirá la evidencia y otros documentos relacionados con el caso que son necesarios para que la CPUC establezca un expediente en el cual basar su decisión. Podrán llevarse a cabo Audiencias de Evidencias (Evidentiary Hearings; EH) en las cuales las partes del caso presenten sus testimonios, y podrán estar sujetas a interrogatorio por otras partes involucradas. Estas audiencias para recabar evidencia (EH) están abiertas al público, pero solo podrán participar en ellas los que tienen estatus de "partes del caso". Después de considerar todas las propuestas y la evidencia presentada durante el proceso formal de la audiencia, el Juez asignado emitirá una propuesta de decisión mediante la cual determinará si la petición de Cal Water será adoptada, modificada o denegada completamente o en partes. Los comisionados de la CPUC podrían patrocinar una decisión alternativa y el asunto podría decidirse en una reunión programada para obtener el voto de la comisión.

La Oficina de Defensores de los Contribuyentes (Office of Ratepayer Advocates, ORA) podría revisar esta solicitud. ORA es la defensora independiente de los consumidores con un mandato legislativo de representar para los clientes de servicios públicos propiedad de inversionistas. Para más información sobre ORA, llame al (415) 703-1584, envíe un correo electrónico a ora@cpuc.ca.gov, o visite el sitio web de ORA en ora.ca.gov/default.aspx.

Manténgase informado

La CPUC ofrece un servicio de suscripción gratuito en el sitio web de CPUC en <http://subscribe.cpuc.ca.gov/>, que le permite seguir este proceso. Si desea informarse sobre cómo puede participar en el proceso, o si tiene comentarios informales o preguntas sobre los procesos de la CPUC, puede comunicarse con la oficina del asesor público de la CPUC en la dirección que se indica a continuación.

Correo electrónico: public.advisor@cpuc.ca.gov
Por correo: CPUC Public Advisor's Office
505 Van Ness Avenue, San Francisco, CA 94102
Teléfono: 1-866-849-6390 (línea gratuita) o 1-415-703-2074
1-866-836-7825 (línea gratuita) o TTY 1-415-703-5282

Haga referencia a la **Solicitud de Cal Water No. A.18-07-001** en toda comunicación que tenga con la CPUC con relación a este asunto. Todos los comentarios públicos pasarán a formar parte del expediente de correspondencia pública para este proceso que se pondrá a disposición del Juez asignado, los Comisionados y el personal que corresponda de la CPUC para su revisión.

Notification of Application Filed by California Water Service to Increase
Stockton District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water proposes consolidating the rates for the Dixon and Stockton Districts into a new "Central Region" to improve affordability and develop administrative efficiencies. (Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.)

With Consolidation – If this consolidation is approved by the CPUC as proposed, Cal Water requests an overall revenue increase of \$15,354,613 (or 30.5%) for Stockton customers over three years, as shown in the table below.

Proposed Revenue Increases for Stockton Customers with Consolidation

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$50,266,400	\$9,195,026 18%	\$2,995,390 5%	\$3,164,198 5.1%

Proposed Revenue Increases by Type of Service with Consolidation**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$28,213,146	\$5,559,675 20%	\$1,844,097 5.6%	\$1,885,849 5.4%
Nonresidential Metered Service*	\$21,522,653	\$3,288,455 15%	\$1,232,988 5.2%	\$1,254,597 5.0%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Without Consolidation – If consolidation is not approved by the CPUC as proposed, Cal Water requests an overall revenue increase of \$12,998,847 (or 25.9%) for Stockton customers over three years, as shown in the table below.

Proposed Revenue Increases for Stockton Customers without Consolidation

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$50,266,400	\$6,630,555 13.2%	\$3,107,758 5.5%	\$3,255,916 5.4%

Proposed Revenue Increases by Type of Service without Consolidation**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$28,213,146	\$4,379,980 15.5%	\$1,849,713 5.7%	\$1,945,011 5.6%
Nonresidential Metered Service*	\$21,522,653	\$1,903,679 8.8%	\$1,230,616 5.3%	\$1,287,446 5.2%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 10 Ccf (7,480 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Stockton Typical Residential Customer Bill Increase with Consolidation

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
10 Ccf (7,480 gallons)	\$50.61	\$5.85 11.6%	\$2.90 5.1%	\$2.95 5.0%

Stockton Typical Residential Customer Bill Increase without Consolidation

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
10 Ccf (7,480 gallons)	\$50.61	\$5.26 10.4%	\$2.93 5.2%	\$3.07 5.2%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 1505 East Sonora Street, Stockton, CA 95205. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web-site at which allows you to follow this proceeding. If you would like to learn how you can participate in the proceeding, or if you have informal comments or questions about the CPUC process, you may contact the CPUC's Public Advisor's Office at the address noted below.

Rev. 04/15 Daily Journal Corporation, 915 East First Street, Los Angeles, CA 90012

Notificación de solicitud presentada por California Water Service para el cambio de tarifas en el distrito de Visalia en 2020, 2021, y 2022 (Solicitud N°. A.18-07-001)

El 2 de julio de 2018, California Water Service (Cal Water) presentó su solicitud de plan de tarifa general (GRC) (A.18-07-001) ante la Comisión de Servicios Públicos de California (CPUC). Cal Water solicita un aumento en sus ingresos de \$50,673,500 (o 7.6%) para 2020, \$31,461,900 (o 4.4%) para 2021, y \$33,000,700 (o 4.4%) para 2022. Si lo aprueba la CPUC, las tarifas cambiarían a partir de enero de 2020.

La solicitud

Cal Water solicita un aumento general en sus ingresos de \$5,186,696 (o el 17.6%) para los clientes del distrito de Visalia en tres años, según se muestra en la tabla siguiente. Cal Water solicita este aumento para realizar actualizaciones de infraestructura, mantenimiento, calidad del agua, medidas de seguridad, operaciones comerciales y para compensar la inflación.

Los aumentos de ingresos para 2021 y 2022 podrían variar de los estimados que se indican a continuación debido al uso de una fórmula basada en la inflación proporcionada por la CPUC.

Aumento de ingresos propuesto

Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
\$29,524,100	\$1,512,349 5.1%	\$1,772,252 5.7%	\$1,902,092 5.6%

Aumento de ingresos propuesto por tipo de servicio**

Tipo de servicio suministrado	Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
Servicio residencial con medidor	\$19,300,145	\$946,445 5%	\$1,239,584 6%	\$1,331,417 6%
Servicio no residencial con medidor*	\$9,764,071	\$346,507 4%	\$503,005 5%	\$540,402 6%

*El servicio no residencial con medidor se aplica a todas las clases de clientes no residenciales (es decir, clientes comerciales, de viviendas multifamiliares y autoridades públicas) y no tienen una tarifa separada. **La suma de los ingresos residenciales y no residenciales no será igual al total, debido a otras fuentes de ingresos como cargos del medidor de construcción, servicios de protección contra incendios y agua reciclada.

Impacto promedio para el cliente

La tabla siguiente ofrece detalles del cambio que esperaría ver en su cuenta un cliente residencial con un medidor de 5/8" x 3/4" si la CPUC aprueba las tarifas propuestas por Cal Water para 2020, 2021 y 2022 según la solicitud. En 2017, el cliente residencial promedio con un medidor de 5/8" x 3/4" consumió 16 Ccf (11,968 galones) de agua cada mes. Estos números no incluyen sobrecargos y créditos temporales.

Cambio en la cuenta de un cliente residencial promedio

Cliente residencial	Cuenta actual	Reducción en la cuenta propuesta para 2020	Aumento en la cuenta propuesta para 2021	Aumento en la cuenta propuesta para 2022
16 Ccf (11,968 galones)	\$34.52	-\$1.71 -5.0%	\$1.41 4.3%	\$1.51 4.4%

Motivos principales para el aumento

Cal Water ha suministrado agua a las comunidades de California por más de 90 años, y muchas de las instalaciones que se usan para el servicio de agua han llegado al final de su vida útil. Algunos de los motivos principales por los que Cal Water presenta esta solicitud son:

- Continuar invirtiendo en infraestructura para mejorar la seguridad y la confiabilidad, y manejar los riesgos que pudieran impactar a los clientes y/o a los sistemas de protección contra incendios;
- Cumplir con los requisitos de calidad y regulación medioambiental; y
- Obtener suministros de agua para asegurar la confiabilidad futura.

Cómo obtener una copia de la solicitud

Puede revisar una copia de la solicitud de GRC propuesta por Cal Water y los anexos relacionados en la oficina de Cal Water ubicada en 216 North Valley Oaks Drive, Visalia, CA 93292. Cal Water le facilitará una copia electrónica o impresa de dicha solicitud y anexos relacionados si lo pide por escrito a California Water Service Company, 1720 North First Street, San Jose, CA 95112-4598.

Puede obtener una copia digital de la solicitud en la página web de la tarjeta del expediente (docket card) de la CPUC en <https://apps.cpuc.ca.gov/apex/?p=401:1:0> escribiendo el número del caso sin guiones en la casilla de búsqueda del número de caso. La solicitud también puede revisarse en la Oficina de Archivos Centrales de la CPUC con previa cita. Para más información, envíe un correo electrónico a ajcentrales@cpuc.ca.gov o llame al (415) 703-2045.

El proceso de la CPUC

Esta solicitud ha sido asignada a un juez administrativo (un juez) que determinará cómo recibirá la evidencia y otros documentos relacionados con el caso que son necesarios para que la CPUC establezca un expediente en el cual basar su decisión. Podrán llevarse a cabo Audiencias de Evidencias (Evidentiary Hearings, EH) en las cuales las partes del caso presenten sus testimonios, y podrán estar sujetas a interrogatorio por otras partes involucradas. Estas audiencias para recabar evidencia (EH) están abiertas al público, pero solo podrán participar en ellas los que tienen estatus de "partes del caso". Después de considerar todas las propuestas y la evidencia presentada durante el proceso formal de la audiencia, el juez asignado emitirá una propuesta de decisión mediante la cual determinará si la petición de Cal Water será adoptada, modificada o denegada completamente o en partes. Los comisionados de la CPUC podrían patrocinarse una decisión alternativa y el asunto podría decidirse en una reunión programada para obtener el voto de la comisión.

La Oficina de Defensores de los Contribuyentes (Office of Ratepayer Advocates, ORA) podría revisar esta solicitud. ORA es la defensora independiente de los consumidores con un mandato legislativo de representar para los clientes de servicios públicos propiedad de inversionistas. Para más información sobre ORA, llame al (415) 703-1584, envíe un correo electrónico a ora@cpuc.ca.gov, o visite el sitio web de ORA en ora.ca.gov/default.aspx.

Manténgase informado

La CPUC ofrece un servicio de suscripción gratuito en el sitio web de CPUC en <http://subscribe.cpuc.ca.gov/>, que le permita seguir este proceso. Si desea informarse sobre cómo puede participar en el proceso, o si tiene comentarios informales o preguntas sobre los procesos de la CPUC, puede comunicarse con la oficina del asesor público de la CPUC en la dirección que se indica a continuación.

Notification of Application Filed by California Water Service to Increase Willows District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$1,338,217 (or 54.8%) for Willows District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$2,441,700 7.7%	\$810,882 33.2%	\$257,859 7.9%	\$269,476

Proposed Revenue Increases by Type of Service**

Type of Proposed 2022	Current Revenue	Proposed 2020	Proposed 2021
-----------------------	-----------------	---------------	---------------

* A 0 0 0 0 0 4 8 2 9 6 3 8 *

Service Provided	Requirement	Revenue Increase		Revenue Increase	
Revenue Increase					
Residential Metered Service	\$1,769,959	\$315,746	18%	\$166,339	8%
\$174,165 8%					
Nonresidential Metered Service*	\$739,260	\$404,080	55%	\$89,857	8%
\$93,600 8%					

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 12 Ccf (8,976 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020		Proposed 2021		Proposed 2022	
		Bill Increase		Bill Increase		Bill Increase	
12 Ccf (8,976 gallons)	\$64.94	\$5.67	8.7%	\$5.40	7.6%	\$5.63	7.4%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- * Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- * Meet water quality and environmental regulatory requirements; and
- * Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 1070 West Wood Street, Suite A-1, Willows, CA 95988. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

**Notification of Application Filed by California Water Service to Change
Westlake District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would change beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$1,232,918 (or 6.2%) for Westlake District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$19,966,600	\$731,912 3.7%	\$212,847 1.0%	\$288,160 1.4%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$13,945,173	\$229,470 2%	\$142,229 1%	\$192,832 1%
Nonresidential Metered Service*	\$5,040,852	\$385,800 8%	\$56,146 1%	\$77,017 1%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff.

**The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the change a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 25 Ccf (18,700 gallons) of water per month. **These numbers do not include temporary surcharges and credits.**

Typical Residential Customer Bill Change

Residential Customer	Current Bill	Proposed 2020 Bill Decrease	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
25 Ccf (18,700 gallons)	\$149.50	-\$16.51 -11.0%	\$1.09 0.8%	\$1.49 1.1%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 2524 Townsgate Road, Suite A, Westlake Village, CA 91361. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.cpuc.ca.gov/>, which allows you to follow this proceeding. Notification of Application Filed by California Water Service to Increase Dominguez District Rates in 2020, 2021, and 2022 (Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$5,115,217 (or 7.0%) for Dominguez District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$73,337,500	\$509,000 0.7%	\$2,202,200 3.0%	\$2,403,500 3.2%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$20,364,306	\$607,134 3%	\$657,569 3%	\$720,048 3%
Nonresidential Metered Service*	\$42,333,771	\$352,205 1%	\$1,229,583 3%	\$1,341,380 3%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 10 Ccf (7,480 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
10 Ccf (7,480 gallons)	\$51.11	\$0.49 1.0%	\$1.51 2.9%	\$1.65 3.1%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 2632 West 237th Street, Torrance, CA 90505. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact alcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.cpuc.ca.gov/>, which allows you to follow this proceeding. If you would like to learn how you can participate in the proceeding, or if you have informal comments or questions about the CPUC process, you may contact the CPUC's Public Advisor's Office at the address noted below.

**Notification of Application Filed by California Water Service to Increase
Kern River Valley District Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$1,473,363 (or 22.7%) for Kern River Valley District customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$6,499,600	\$795,944 12.2%	\$327,469 4.5%	\$349,952 4.6%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$5,929,262	\$553,429 9%	\$276,230 4%	\$294,939 4%
Nonresidential Metered Service*	\$567,643	\$241,143 42%	\$51,085 6%	\$54,877 6%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 5 Ccf (3,740 gallons) of water per month. **These numbers include the credits provided by the Rate Support Fund, but do not include other surcharges or credits.**

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
5 Ccf (3,740 gallons)	\$77.79	\$12.22 15.7%	\$2.54 2.8%	\$2.71 2.9%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 7138 Lake Isabella Boulevard, Lake Isabella, CA 93240. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.cpuc.ca.gov/>, which allows you to follow this proceeding. If you would like to learn how you can participate in the proceeding, or if you have informal comments or questions about the CPUC process, you may contact the CPUC's Public Advisor's Office at the address noted below.

Notification of Application Filed by California Water Service to Increase Its Bay Area Region Rates in 2020, 2021, and 2022 (Application No. A-18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A-18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application
Cal Water is requesting an overall revenue increase of \$15,764,258 (or 18.3%) for Bay Area Region customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases				
Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase	
\$66,329,600	\$9,342,897	10.6%	\$3,194,700	3.3%
			\$3,141,700	3.2%

Proposed Revenue Increases by Type of Service*				
Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$47,787,949	\$1,607,150	3%	\$1,556,120
Nonresidential Metered Service	\$36,598,740	\$8,210,781	22%	\$1,579,120
			3%	\$1,561,840

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact
The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 8 Ccf (6,584 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase*				
Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
8 Ccf (6,584 gallons)	\$68.53	\$2.96	4.3%	\$2.20
			3.1%	\$2.15

*Coast Springs customers receive an additional charge of \$20.00 per CCF for usage at and above 5 CCF.

Key Reasons for Increase
Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application
A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 341 North Delaware Street, San Mateo, CA 94401. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apw/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljocontrailles@cpuc.ca.gov or (415) 703-2045.

The CPUC's Process
This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1594, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed
The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.cpuc.ca.gov>, which allows you to follow this proceeding. If you would like to learn how you can participate in the proceeding, or if you have informal comments or questions about the CPUC process, you may contact the CPUC's Public Advisor's Office at the address noted below.

Notification of Application Filed by California Water Service to Increase Its Bay Area Region Rates in 2020, 2021, and 2022 (Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$15,764,258 (or 18.3%) for Bay Area Region customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$86,329,900	\$9,342,897 10.8%	\$3,194,700 3.3%	\$3,141,700 3.2%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$47,787,949	\$1,607,150 3%	\$1,556,120 3%	\$1,518,184 3%
Nonresidential Metered Service*	\$36,598,740	\$8,210,781 22%	\$1,579,129 3%	\$1,561,840 3%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 8 Ccf (5,984 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase*

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
8 Ccf (5,984 gallons)	\$68.53	\$2.96 4.3%	\$2.20 3.1%	\$2.15 2.9%

*Coast Springs customers receive an additional charge of \$20.00 per CCF for usage at and above 5 CCF.

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 341 North Delaware Street, San Mateo, CA 94401. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.cpuc.ca.gov/>, which allows you to follow this proceeding. **Notification of Application Filed by California Water Service to Increase
Its Bay Area Region Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$15,764,258 (or 18.3%) for Bay Area Region customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$86,329,900	\$9,342,897 10.8%	\$3,194,700 3.3%	\$3,141,700 3.2%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$47,787,949	\$1,607,150 3%	\$1,556,120 3%	\$1,518,184 3%
Nonresidential Metered Service*	\$36,598,740	\$8,210,781 22%	\$1,579,129 3%	\$1,561,840 3%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff.

**The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 8 Ccf (5,984 gallons) of water per month. **These numbers do not include temporary surcharges and credits.**

Typical Residential Customer Bill Increase*

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase

Notification of Application Filed by California Water Service to Increase Its Bay Area Region Rates in 2020, 2021, and 2022 (Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$15,764,258 (or 18.3%) for Bay Area Region customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$86,329,900	\$9,342,897 10.8%	\$3,194,700 3.3%	\$3,141,700 3.2%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$47,787,949	\$1,607,150 3%	\$1,556,120 3%	\$1,518,184 3%
Nonresidential Metered Service*	\$38,598,740	\$8,210,781 22%	\$1,579,129 3%	\$1,561,840 3%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the increase a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 8 Ccf (5,984 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase*

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
8 Ccf (5,984 gallons)	\$68.53	\$2.96 4.3%	\$2.20 3.1%	\$2.15 2.9%

*Coast Springs customers receive an additional charge of \$20.00 per CCF for usage at and above 5 CCF.

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 341 North Delaware Street, San Mateo, CA 94401. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.cpuc.ca.gov/>, which allows you to follow this proceeding. If you would like to learn how you can participate in the proceeding, or if you have informal comments or questions about the CPUC process, you may contact the CPUC's Public Advisor's Office at the address noted below.

Notification of Application Filed by California Water Service to Change
Los Angeles County Region Rates (Antelope Valley Area) in 2020, 2021, and 2022 (Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,573,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would change beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$7,607,978 (or 14.6%) for Los Angeles County Region customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$51,954,100	\$5,328,448 10.3%	\$1,060,113 1.9%	\$1,211,119 2.1%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$41,151,558	\$4,436,466 11%	\$854,352 2%	\$976,394 2%
Nonresidential Metered Service*	\$10,715,971	\$802,438 7%	\$200,188 2%	\$227,975 2%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

Cal Water proposes to restructure the tariffs in the Los Angeles County Region so that Antelope Valley customers and Palos Verdes customers have different rates. The following table details the change a residential customer in Antelope Valley with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 19 Ccf (14,212 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Change

Residential Customer	Current Bill	Proposed 2020 Bill Decrease	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
19 Ccf (14,212 gallons)	\$110.41	-\$4.21 -3.8%	\$2.58 2.4%	\$2.37 2.2%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 5015 West Avenue L-14, Unit 2, Quartz Hill, CA 93536. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4568.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/?p=401> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcen@cpuc.ca.gov or (415) 703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Notification of Application Filed by California Water Service to Increase Los Angeles County Region Rates (Palos Verdes Area) in 2020, 2021, and 2022 (Application No. A.18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$7,607,976 (or 14.6%) for Los Angeles County Region customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$51,954,100	\$5,328,448 10.3%	\$1,060,113 1.9%	\$1,211,119 2.1%

Proposed Revenue Increases by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$41,151,558	\$4,436,488 11%	\$854,352 2%	\$976,394 2%
Nonresidential Metered Service*	\$10,715,971	\$800,438 7%	\$200,188 2%	\$227,975 2%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

Cal Water proposes to restructure the tariffs in the Los Angeles County Region so that Antelope Valley customers and Palos Verdes customers have different rates. The following table details the increase a residential customer in Palos Verdes with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 19 Ccf (14,212 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
19 Ccf (14,212 gallons)	\$110.41	\$4.32 3.9%	\$2.08 1.8%	\$2.41 2.1%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 2632 West 237th Street, Torrance, CA 90505. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415) 703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Notification of Application Filed by California Water Service to Increase Monterey Region Rates in 2020, 2021, and 2022
(Application No. A.18-07-001)**

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A.18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$7,095,604 (or 19.0%) for Monterey Region customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Current Revenue Requirement	Proposed Revenue Increases			
	Proposed 2020 Revenue Increase		Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$37,342,500	\$1,632,757	4.4%	\$2,730,531	\$2,826,844
			7.0%	6.8%

Type of Service Provided	Current Revenue Requirement	Proposed Revenue Changes by Type of Service**			
		Proposed 2020 Revenue Change	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase	
Residential Meter Service	\$20,555,146	-\$62,546 0%	\$1,436,266 7%	\$1,488,976 7%	
Nonresidential Metered Service*	\$16,319,828	\$1,506,428 9%	\$1,260,671 7%	\$1,303,116 7%	

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff. **The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the change a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 10 Ccf (7,480 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Residential Customer	Current Bill	Typical Residential Customer Bill Increase			
		Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase	
10 Ccf (7,480 gallons)	\$50.76	\$0.88 1.7%	\$3.44 6.7%	\$3.55 6.4%	

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 254 Commission Street, Salinas, CA 93901. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/ff?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact aljcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.puc.ca.gov/>, which allows you to follow this proceeding. If you would like to learn how you can participate in the proceeding, or if you have informal comments or questions about the CPUC process, you may contact the CPUC's Public Advisor's Office at the address noted below.

Notificación de solicitud presentada por California Water Service para aumentar sus tarifas en la Región de Monterey en 2020, 2021, y 2022 (Solicitud N°. A.18-07-001)

El 2 de julio de 2018, California Water Service (Cal Water) presentó su solicitud de plan de tarifa general (GRC) (A.18-07-001) ante la Comisión de Servicios Públicos de California (CPUC). Cal Water solicita un aumento en sus ingresos de \$50,673,500 (o 7.6%) para 2020, \$31,461,900 (o 4.4%) para 2021, y \$33,000,700 (o 4.4%) para 2022. Si lo aprueba la CPUC, las tarifas aumentarían a partir de enero de 2020.

La solicitud

Cal Water solicita un aumento general en sus ingresos de \$7,095,604 (o el 19.0%) para los clientes de la Región de Monterey en tres años, según se muestra en la tabla siguiente. Cal Water solicita este aumento para realizar actualizaciones de infraestructura, mantenimiento, calidad del agua, medidas de seguridad, operaciones comerciales y para compensar la inflación.

Los aumentos de ingresos para 2021 y 2022 podrían variar de los estimados que se indican a continuación debido al uso de una fórmula basada en la inflación proporcionada por la CPUC.

Aumento de ingresos propuesto

Requisito actual de ingresos	Aumento de ingresos propuesto para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
\$37,342,500	\$1,632,757 4.4%	\$2,730,531 7.0%	\$2,826,844 6.8%

Cambios en los ingresos propuestos por tipo de servicio**

Tipo de servicio suministrado	Requisito actual de ingresos	Cambios en los ingresos propuestos para 2020	Aumento de ingresos propuesto para 2021	Aumento de ingresos propuesto para 2022
Servicio residencial con medidor	\$20,555,146	\$62,546 0%	\$1,436,266 7%	\$1,488,976 7%
Servicio no residencial con medidor*	\$16,319,828	\$1,506,428 9%	\$1,260,671 7%	\$1,303,116 7%

*El servicio no residencial con medidor se aplica a todas las clases de clientes no residenciales (es decir, clientes comerciales, de viviendas multifamiliares y autoridades públicas) y no tienen una tarifa separada. **La suma de los ingresos residenciales y no residenciales no será igual al total, debido a otras fuentes de ingresos como cargos del medidor de construcción, servicios de protección contra incendios y agua reciclada.

Impacto promedio para el cliente

La tabla siguiente ofrece detalles del cambio que esperaría ver en su cuenta un cliente residencial con un medidor de 5/8" x 3/4" si la CPUC aprueba las tarifas propuestas por Cal Water para 2020, 2021 y 2022 según la solicitud. En 2017, el cliente residencial promedio con un medidor de 5/8" x 3/4" consumió 10 Ccf (7,480 galones) de agua cada mes. Estos números no incluyen sobrecargos y créditos temporales.

Aumento en la cuenta de un cliente residencial promedio

Cliente residencial	Cuenta actual	Aumento en la cuenta propuesto para 2020	Aumento en la cuenta propuesto para 2021	Aumento en la cuenta propuesto para 2022
10 Ccf (7,480 galones)	\$50.76	\$ 0.88 1.7%	\$ 3.44 6.7%	\$ 3.55 6.4%

Motivos principales para el aumento

Cal Water ha suministrado agua a las comunidades de California por más de 90 años, y muchas de las instalaciones que se usan para el servicio de agua han llegado al final de su vida útil. Algunos de los motivos principales por los que Cal Water presenta esta solicitud son:

- Continuar invirtiendo en infraestructura para mejorar la seguridad y la confiabilidad, y manejar los riesgos que pudieran impactar a los clientes y/o a los sistemas de protección contra incendios;
- Cumplir con los requisitos de calidad y regulación medioambiental; y
- Obtener suministros de agua para asegurar la confiabilidad futura.

Cómo obtener una copia de la solicitud.

Puede revisar una copia de la solicitud de GRC propuesta por Cal Water y los anexos relacionados en la oficina de Cal Water ubicada en 254 Commission Street, Salinas, CA 93901. Cal Water le facilitará una copia electrónica o impresa de dicha solicitud y anexos relacionados si lo pide por escrito a California Water Service Company, 1720 North First Street, San Jose, CA 95112-4598.

Puede obtener una copia digital de la solicitud en la página web de la tarjeta del expediente (docket card) de la CPUC en <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> escribiendo el número del caso sin guiones en la casilla de búsqueda del número de caso. La solicitud también puede revisarse en la Oficina de Archivos Centrales de la CPUC con previa cita. Para más información, envíe un correo electrónico a ajcentralfilesid@cpuc.ca.gov o llame al (415) 703-2045.

El proceso de la CPUC

Esta solicitud ha sido asignada a un juez administrativo (un juez) que determinará cómo recibirá la evidencia y otros documentos relacionados con el caso que son necesarios para que la CPUC establezca un expediente en el cual basar su decisión. Podrán llevarse a cabo Audiencias de Evidencias (Evidentiary Hearings, EH) en las cuales las partes del caso presenten sus testimonios, y podrían estar sujetas a interrogatorio por otras partes involucradas. Estas audiencias para recabar evidencia (EH) están abiertas al público, pero solo podrán participar en ellas los que tienen estatus de "partes del caso". Después de considerar todas las propuestas y la evidencia presentada durante el proceso formal de la audiencia, el Juez asignado emitirá una propuesta de decisión mediante la cual determinará si la petición de Cal Water será adoptada, modificada o denegada completamente o en partes. Los comisionados de la CPUC podrían patrocinar una decisión alternativa y el asunto podría decidirse en una reunión programada para obtener el voto de la comisión.

La Oficina de Defensores de los Contribuyentes (Office of Ratepayer Advocates, ORA) podría revisar esta solicitud. ORA es la defensora independiente de los consumidores con un mandato legislativo de representar para los clientes de servicios públicos propiedad de inversionistas. Para más información sobre ORA, llame al (415) 703-1584, envíe un correo electrónico a ora@cpuc.ca.gov, o visite el sitio web de ORA en ora.ca.gov/default.aspx.

Manténgase informado

La CPUC ofrece un servicio de suscripción gratuito en el sitio web de CPUC en <http://subscribe.puc.ca.gov/>, que le permite seguir este proceso. Notification of Application Filed by California Water Service to Increase Monterey Region Rates in 2020, 2021, and 2022 (Application No. A-18-07-001)

On July 2, 2018, California Water Service (Cal Water) filed its 2018 General Rate Case (GRC) Application (A-18-07-001) with the California Public Utilities Commission (CPUC). Cal Water is requesting total company revenue increases of \$50,673,500 (or 7.6%) for 2020, \$31,461,900 (or 4.4%) for 2021, and \$33,000,700 (or 4.4%) for 2022. If approved by the CPUC, rates would increase beginning in January 2020.

The Application

Cal Water is requesting an overall revenue increase of \$7,095,604 (or 19.0%) for Monterey Region customers over three years, as shown in the table below. Cal Water is requesting this increase for infrastructure upgrades, maintenance, water quality, safety measures, business operations, and inflation.

Revenue increases for 2021 and 2022 may vary from the provided estimates below due to the use of a CPUC-provided, inflation-based formula.

Proposed Revenue Increases

Current Revenue Requirement	Proposed 2020 Revenue Increase	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
\$37,342,500	\$1,632,757 4.4%	\$2,730,531 7.0%	\$2,826,844 6.8%

Proposed Revenue Changes by Type of Service**

Type of Service Provided	Current Revenue Requirement	Proposed 2020 Revenue Change	Proposed 2021 Revenue Increase	Proposed 2022 Revenue Increase
Residential Metered Service	\$20,555,146	-\$62,546 0%	\$1,436,266 7%	\$1,488,976 7%
Nonresidential Metered Service*	\$16,319,828	\$1,506,428 9%	\$1,260,671 7%	\$1,303,116 7%

*Nonresidential Metered Service applies to all customer classes that are not residential (such as business, multi-family, and public authority customers) and do not have a separate tariff.

**The sum of residential and nonresidential revenues will not equal total revenue due to other revenue sources like construction meter charges, fire protection services, and recycled water.

Typical Customer Impact

The following table details the change a residential customer with a 5/8"x3/4" meter would see in his or her bill if Cal Water's proposed rates for 2020, 2021, and 2022 are approved by the CPUC as requested. In 2017, the average residential customer with a 5/8"x3/4" meter used 10 Ccf (7,480 gallons) of water per month. These numbers do not include temporary surcharges and credits.

Typical Residential Customer Bill Increase

Residential Customer	Current Bill	Proposed 2020 Bill Increase	Proposed 2021 Bill Increase	Proposed 2022 Bill Increase
10 Ccf (7,480 gallons)	\$50.76	\$0.88 1.7%	\$3.44 6.7%	\$3.55 6.4%

Key Reasons for Increase

Cal Water has been providing water utility service to California communities for more than 90 years, and many of the facilities used for water service have reached the end of their useful lives. Some of the key reasons Cal Water is making this request is to:

- Continue to invest in infrastructure to enhance safety and reliability, and to manage risks that could impact customers and/or fire protection systems;
- Meet water quality and environmental regulatory requirements; and
- Secure water supplies to ensure future reliability.

Obtaining a Copy of the Application

A copy of Cal Water's proposed GRC application and related exhibits may be reviewed at Cal Water's office, located at 254 Commission Street, Salinas, CA 93901. An electronic or paper copy of the application and related exhibits will be provided by Cal Water upon written request to California Water Service, 1720 North First Street, San Jose, CA 95112-4598.

A digital copy of the application may be reviewed on the CPUC's Docket Card webpage at <https://apps.cpuc.ca.gov/apex/f?p=401:1:0> by typing the proceeding number, without dashes, in the Proceeding Number Search box. A hard copy can be reviewed at the CPUC's Central Files Office by appointment. For more information, contact ajcentralfilesid@cpuc.ca.gov or (415)-703-2045.

The CPUC's Process

This application will be assigned to an Administrative Law Judge (Judge), who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held, where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of Cal Water's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision, and the issue will be decided at a scheduled Commission Voting Meeting.

The Office of Ratepayer Advocates (ORA) may review this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's web site at ora.ca.gov/default.aspx.

Stay Informed

The CPUC offers a free Subscription Service available on the CPUC web site at <http://subscribe.cpuc.ca.gov/>, which allows you to follow this proceeding. If you would like to learn how you can participate in the proceeding, or if you have informal comments or questions about the CPUC process, you may contact the CPUC's Public Advisor's Office at the address noted below.

Email: public.advisor@cpuc.ca.gov
Write: CPUC Public Advisor's Office
505 Van Ness Avenue, San Francisco, CA 94102
Phone: 1-866-849-8390 (toll-free) or 1-415-703-2074
1-866-836-7825 (toll-free) or TTY 1-415-703-5282

Please reference Cal Water's Application No. A.18-07-001 in any communications you have with the CPUC regarding this matter. All public comments will become part of the public correspondence file for this proceeding and made available for review for the assigned Judge, Commissioners, and appropriate CPUC staff.
